

A Message From The President

Dear Alumni,

I have been aware, for quite sometime, of the ingredients that are necessary to run a successful chapter. You, also, are probably aware of these ingredients, however; we need to remind ourselves and one another, from time to time, so that we don't get in a rut and become stagnant in our thinking and in our action.

The implementation of these ingredients is easier for some than the others. The fact remains, regardless of the difficulty encountered in practicing those things that stimulate harmony and growth, we must discipline ourselves, for the good of our association, for the good of Boys Town and for our own self-respect. Show me a man that is calloused to the feelings of others and I'll show you a man that doesn't like himself.

If meetings are not properly conducted, feelings can be bruised. Meetings are for conducting chapter business. A feeling of accomplishment can be felt only when the business at hand is pursued to its conclusion. That is to say: when a subject is on the floor, limit the dialog to things directly related to the subject. This will lead to shorter meetings. Long argumentative meetings tend to deter members from attending the next meeting.

Another subject that is touchy is alcoholic consumption before or during a meeting. Most of us, I am sure, have been involved in this practice, at one time or another. From personal observation I can safely say, the disadvantages outweigh the advantages. First: There are the many interruptions. Secondly: Some of us are more susceptible than others. We lose our inhibitions after one or two drinks. Liquor makes some of us glib and witty, while it makes others of us obnoxious and over-bearing. I personally do not think liquor is conducive to a productive business meeting. When the meeting has been adjourned, then is the time, if it is your pleasure.

Me a teetotaler? Not on your life. I wouldn't knowingly go to a party where beverage was not served.

We, as officers, have certain obligations and duties. We should do whatever is necessary to achieve harmony within the membership and dissuade situations in word or deed that foster discord. Personal attacks, direct or indirect through gossip, is detrimental to the well being of your chapter. I know! I know! I have experienced it. The lack of cooperation - The failure to fulfill a commitment - The "I am doing you a favor" attitude - The negative thinkers - The non-thinkers - The critics - It's enough to make one want to throw in the towel, especially after the time and effort you have put into it. These are obstacles that are in our way. We must not entertain or dwell on them, lest we lose sight of our goals; "The Preamble to our Constitution." We must not allow ourselves the luxury of telling people off. The price can be high - loss of membership. If so, what percentage of your chapter's membership does this represent? Of course all this does not mean, we must be as docile a lap dog. A point can be made and conveyed in a productive way. The way doesn't have to be spelled out. You will know how when you consider your own feelings. How would you react if someone approached you in the same way you are about to approach this person? Dignity is one thing we must always allow a person if we are to maintain his good will.

Keep in mind: imperfect as we are, we expect others to overlook our ignorance and tolerate our mistakes, while we sometimes expect near perfection from others. The ideal is to expect near perfection from ourselves and be tolerant of others.

There are a number of things that cause a chapter to disintegrate. One is by electing the wrong person to an office. There is a place in our organization for all types of people, but we must be careful to elect people that will be equal to the task, of the office. Elective offices are not status symbols that we can display for all to see. These offices have definite duties and obligations for the men who occupy them. Being an officer is an honor without qualification. We have to be conscientious enough to do our

**TOM WESTBURY
PAYS ALUMNI DUES**

Dear Tony,

I would certainly like to thank you for being so kind in getting me Shorty's address change (Shorty Castillo). I also enjoyed the two issues of the paper you sent. It was quite a surprise to see names of the guys I lived with in Cottage 18, even though it's been over ten years. Time will certainly never erase the vivid memories of those days.

I was introduced to the newspaper business at the Trade School in Boys Town, (I think it was called the Printing Class, taught by Mr. Novotny) and I've been associated with newspapers ever since I left Boys Town. I am now a bureau Reporter for the Savannah Morning News in Beaufort, S. C.

Enclosed you will find a check for \$5.00 for alumni dues. I will certainly enjoy reading any news from Boys Town.

Once again, thanks a million.

Sincerely,

**JOHN DERVILLE NOW
VISITING FRIENDS AT B. T.**

Fellow Members,

I wish you and your families a very Merry Christmas and a happy New Year. I sincerely hope that the Christmas season will be a most joyful one for you and also for your families. I will spend my leave at Boys Town, my first Christmas in the states in quite a while. I think of you every day here. I am happy that your sons do not have to be here.

I hope that all of us will make a resolution for the New Year, and that's to support the Alumni Association. I am proud of our organization and hope we have 1,500 paid members this coming year.

John is now visiting with friends and reports that he will be assigned to Ft. Carson, Colo., after his leave. His Christmas contribution of ten dollars to the Servicemen's Memorial Fund and ten dollars to the Scholarship Fund is most appreciated. About that "1,500 paid members," John paid his dues last January; only 1,499 more are needed! The National President, Tony Jaramillo, reports, "I would be ecstatic if we were to have 1,500 paid-up members."

**JOE GALLE WRITES FROM
ALBUQUERQUE, N. M.**

Christmas is upon us, and I wish you all a joyous one. Things in Albuquerque are coming along nicely. Enclosed is a check from Mr. T. J. Mr. William's check for \$20 and Mr. John Snodgrass's check for \$50 also received through Joe's efforts, are most appreciated. These men join the ranks of Honorary Citizens of Boys Town and they share in the achievements of the men receiving scholarships.

A MESSAGE FROM THE PRESIDENT

(Continued from front page)

very best, to ensure continued growth as specified in our Preamble to the Constitution. When we leave office we must continue our dedication and support. Don't be the one to say, "I've done my share, now let's see what he can do."

Most of us are doing justice to the office we hold and all of us can do an excellent job if we observe the points I have touched.

If you have any questions or particular problems, I will be happy to hear from you.

One thing we must remember when writing material for the Newsletter. Many people read it, Alumni, Boys Town faculty. Our friends we can disappoint, if we are loose in our image projection; our enemies, if we have any, then will be jubilant if the wrong thing is printed. Last, but not least, we must be circumspect, careful never to, knowingly, hurt people, especially with malice.

JON E. CARR ENJOYS TIMES AND NEWSLETTER

Dear Alumni,

Thank you for answering my letter. I would like to thank you for printing my last letter in the Newsletter.

I just finished a book called "Know Your Own Mind" by Harold Sherman. He brings up some very interesting subjects, such as stating that when a human is a child, he goes through a period of life where he wants things constantly. He asks his mother for a toy. The mother, knowing the financial status of her wallet, says, "No." The child's mind registers in his portable computer on top of his shoulders, that he cannot have this toy. And all through his childhood, he hears "No" without any type of explanation. The child is now a man, and lodged in his mind is the word "can't" and he is now a firm believer of this word.

He then compares this situation with another; that of a child of wealthy parents. This child does not know the meaning of the word "No" quite as well as the other, because of money and the things that can be obtained by it. Now, when he becomes an adult, he believes firmly that there aren't too many things he can't have in life.

So you see, a person's life is set on a course, by the people who raise them. But any person can change the course of their life, but first they must realize when they are young men that they are not cause of their position in life. A computer (mind) can only operate when data is placed in it. The data may be bad or good, but if the data is bad, you must reprogram it, in order for the computer (brain) to function properly.

I am sorry if I took up too much of your time, but I always seem to get carried away. If at all possible, send me the Newsletter and the Times when they are printed. Thank you for listening.

RAY MENARD SENDS BEST REGARDS TO ALL

Dear Alumni,

It's been two years since I've written and a lot of changes have been made. I am sorry that I have failed to keep up with Boys Town. Things have been pretty hectic around my home. My wife just had a little girl three months ago. This is our first child and we are both tickled to death. I also have good news for the teachers in the Print Shop, especially Mr. Novotny. I am now the owner of a small printing firm. I am sure this will please Ed and the other teachers in the print shop, for without their help I would never have made it.

Please inform me on what my dues will cost me for the year 1972. Also I would appreciate it if you would pass my new address on to the Times. Please give my regards to all at Boys Town. Also, I would like to say a special hello to Monsignor Wegner and wish him well.

JAMES CHERCO BUSY SEEING WORLD

Hi, Tony,

I just received your letter today. The reason it took so long was because it had to be sent to New York, then on to Naples, Italy. I've been out of the states since September 15th, and won't get back until March 15, 1972. So far, I've been to Rota, Spain; Athens, Greece; Crete, Corsica; and am now at Naples, Italy. I'll be in France, (French Rivera) at Christmas. I appreciate the addresses to three of my classmates and any further help would be greatly appreciated by me. I would also like hearing from anyone at the Home, about what's been going on.

Tony, it's about 3:00 A. M., and I really must get some sleep. Best wishes.

MR. LES DREIFUERST HEARS FROM MIKE WRIGHT

Les Dreifuerst shares a letter:
I know what you must be thinking - what does Wright want this time? Well, I don't hardly know what to say except to thank you for everything you've done for me, both while I was at Boys Town and since I've been out. If you are wondering how you had helped me while I was out, I'll tell you. I find myself thinking back to Cottage 33 and some of the things I was told repeatedly I wouldn't remember them if they hadn't been repeated over and over, because, Mr. Dreifuerst will tell you, I was one of the smart ones and never learned to listen. Thanks a lot for everything.

I went into the service after I got out of Boys Town and was in until this past January. I've had a couple of jobs since then. I was assistant manager at B. F. Goodrich here in town until a couple of months ago. I'm now in business for myself. I work under a franchise for Turner Enterprises, Inc. I have what you might call a franchise in their motivational corporation. It's called "Dare To Be Great" and it is really interesting work. I see a lot of people living life with the same attitude I had toward life a couple of years ago. I'm glad there are people such as you in the world who can put up with and help people like I was. I see just how hard it was now, for you to try and help me. It was pretty frustrating, wasn't it? It is frustrating to me to come in contact with people who don't want to be motivated and discover a new way of life in which they can help themselves.

I hope you all had a happy Thanksgiving and a merry Christmas. Mr. Dreifuerst, have you heard from any of the guys that were there when I was there; Bill Thomas, Bill Gray, Dave Appel, Billy Hollenbeck, Jerry Volk or Bud Ellwood? By the way, how has the world been treating you? I hope you are still in as good health as you were the last time I saw you. How is Knobby and everyone else? Do you still have the same counselors in Section III? Have you gotten much snow so far this year? We haven't had any this year, but then, again, I doubt if we'll be getting any!!! Please take care, and with deep respect (for real), I remain,
